Cortes a medida I Découpes sur mesure I Tagli su misura I Cut to size

Las medidas indicadas aseguran que tras el corte la superficie del plato queda plana. En caso de que el corte vaya contra pared las distancias de corte se pueden aumentar.
Les mesures indiquées garantissent qu'après la découpe, la surface de la plaque reste plane. Dans le cas où le côté coupé se trouve contre le mur, les distances de coupe peuvent être augmentées.
Le misure indicate garantiscono che dopo il taglio la superficie del piatto rimane piana. Nel caso che dopo il taglio la parte sia contro muro le distanze di taglio possono essere aumentate.
The measures indicated ensure that after cutting the surface of the shower tray remains flat. In case the cutted side goes against the wall, the cutting distances can be increased.
